Dear Parent/Guardian,

Arbor Park School District 145 and the Board of Education are excited to open registration for the 2021/22 school year. We will continue using Alma for all student registrations. Alma allows our families to complete registration online and serves as our student information system here at Arbor Park School District 145.

Alma is a secure, green process that allows the district to verify all student demographic, emergency and medical information for your student prior to the start of the new school year. The system will also allow you to electronically sign our annual permission forms. When in Alma, we ask that you verify all of your family contact information along with any necessary updates for your student(s). Once you verify your family and student information, please be sure to complete the process online and provide the District Office with any forms that may apply to your household, including proof of residency if there is a change in your home address.

Please be aware that Alma is a registration system only. All on-line registration payments will continue to be made through PushCoin. In order to complete registration, you must finish the registration process in Alma. If you only make a payment in PushCoin, you HAVE NOT completed the registration process, you have only made a registration payment.\*

\*Please be aware that you DO NOT have to make your registration payment after you have completed registration in Alma. Payment plans are available and will begin in August 2021.

If you have a returning student and have questions about registering your child(ren), please contact the District Office at 708-687-8040 and ask for the Registrar, Marge Hesse.

Thank you for your time and consideration in advance!

Sincerely,

Assistant Superintendent of Finance/CSBO
